CHRIS STREMPEK

As President, CEO, Founder and Co-Owner of Complete Landsculpture, Chris Strempek has earned the respect of homeowners and business owners alike. Focusing studies at University of North Texas in real estate and finance gave Chris a particular knowledge he coupled with entrepreneurial motivation to establish his own landscape business. This landscape business he started in 1985 has developed into one of the largest, highly recognized full-service landscape firms serving commercial and residential clients of Dallas/Fort Worth and Oklahoma City areas.

Chris continues to be on the cutting edge of emerging garden trends in America, providing “eco-friendly” solutions and innovative design techniques to successfully create a *complete outdoor experience* for a highly diverse clientele.

Chris’ passion, talent, expertise, and innate ability to understand clients’ needs and wants have earned him the respect of an astute clientele and allowed him to transform dreams into reality, developing a personal paradise each and every time.

Chris is a Licensed Irrigator and has been licensed by the Structural Pest Control Board. His professional affiliations include the Association of Builders and Contractors, Home and Apartment Builders, Home Associations of America, Oklahoma Apartment Association, Dallas Chamber of Commerce, Oklahoma Chamber of Commerce and Texas Residential Construction Commission.

Chris is a native Texan, currently residing in Dallas, and enjoys spending time with family, friends and wife, with whom he is creating a family. Outside of work, Chris enjoys boating, skiing, traveling and spending valuable time outdoors.

GENE FREEMAN

Gene Freeman is the Vice President and Co-Owner of Complete Landsculpture, Dallas/Fort Worth and Oklahoma City's premier full-service landscape firms serving commercial and residential clients since 1985. Gene's comprehensive approach to landscape makes fulfilling visions and exceeding expectations more inspiring with each project he completes.

After working in the landscape industry for more than 25 years, Gene can pride himself in the extensive experience he has gained working from the ground up. Gene blends intricate construction with lavish gardens for the most distinctive residential and commercial clientele.

Gene is a Texas Certified Nurseryman with creative design expertise, ensuring each project is perfected to the very last detail. Mentoring employees, inspiring new ideas and motivating our team keeps Gene, and the company, revolutionarily focused. Gene improves quality, efficiency and creativity to help Complete Landsculpture continue to offer clients a *complete outdoor experience*.

Gene's professional affiliations include the Association of Builders and Contractors, Home and Apartment Builders, Home Associations of America, Oklahoma Apartment Association, Dallas Chamber of Commerce, Oklahoma Chamber of Commerce and Texas Residential Construction Commission.

Moving to Texas from his hometown in Montana 25 years ago, Gene now enjoys spending valuable time with his wife and four beautiful daughters.

CHRIS GRAEBER

Chris Graeber is the Chief Operating Officer of Complete Landsculpture where he focuses on business development, client services, marketing, and employee development. Growing up in Texas and attending Texas Tech University, where he received a BS in Landscape Architecture, gave Chris many accolades to pursue a career in landscape.

Chris is a registered landscape architect in the State of Texas with 30 years of management experience. He directed his own company for almost twenty years before selling the entire operation to what is now TruGreen-Land Care.

His expertise includes management of installation and maintenance services, hardscape construction, irrigation, and sports field construction.

Chris is a Texas Certified Landscape Professional (TNLA) and he has served as President on the Board of Directors for the Texas Association of Landscape Contractors (Dallas Chapter). During his tenure, he was involved in developing community projects for the Dallas Children's Advocacy Center and the Heard Natural Wildlife Museum. He has also been involved in the development of fund raising projects and enhancing community awareness of the industry and association.

Chris has been awarded Contractor of the Year and Member of the Year from the Texas Association of Landscape Contractors, Dallas Chapter. His projects have received various environmental improvements awards.

Outside the office, Chris enjoys traveling and spending time with family.

JAY MOORE

Jay Moore joined the team of Complete Landsculpture in April 2008 as the Maintenance Division Manager, where he supervises commercial landscape maintenance services.

Studying for a BA in Management from Oklahoma State University and growing up helping his father run a residential maintenance company out of Oklahoma City, Jay has many years of service experience he brings to the table. Before joining Complete Landsculpture's team of experts Jay worked for several years with The Brickman Group East Coast and Texas and acquired leadership and discipline qualities from the US Army as a Combat Veteran.

Jay is proud to hold a Certified Pesticide Applicator License in both Texas and Oklahoma, continuing to add to the overall value of the landscape industry. While Jay enjoys being outdoors and watching landscape designs flourish over the years, he truly has a passion for the art of landscape and sharing it with people he has the honor of meeting and working with along the way.

Outside of the office, Jay likes spending time with his two Children, watching and playing football, hunting, fishing...and trying to find his long lost golf ball.
